

WILL BROWNE

SOFTWARE DEVELOPER

OBJECTIVE

I am a hard working, driven individual with a strong academic background and an ambition to build great software. I have close to a year's commercial experience working with a small Dublin based startup, where I proved my ability to maintain and enhance large enterprise software, working both independently and in a close team environment. I have a special interest in server side development and am most proficient whilst working in Java but am quick to learn new technologies. I am currently seeking a challenging and rewarding opportunity to work on great software with great people.
